Re: Docket 99P-0033/CP 1

Dear Commissioner Henney:

Please take action on the above-captioned matter, the
Humane Farming Association petition.

There must be an end to the practice of feeding dead
farm animals to other farm animals. I cannot conceive of how
anyone can put forth an argument for feeding dead animals to
cattle and sheep since they are herbivores. Further, the
possibility of disease transmission is quite high since it
may not be known how long an animal was dead before its body
was processed into farm animal feeds.

The HFA knows what they're talking about! Please listen
to them.

Sincerely,

Laurie Loveman
